25 June 2016

Dear Cadet,

Please share this very important information with your parent(s) or legal guardian. ALL cadets regardless of age if this is an issue contact the Encampment Commander

You are receiving this email because you are planning to attend the 2016 CT Wing Encampment. We realize that many cadets take prescription and over the counter medication, and want to facilitate this. Therefore we would like to go over the following rules and regulations:

All medications must be listed on the cadet's application in the "self-medication" section if it's not on the list it cannot be kept by the cadet and no exceptions are allowed.

All medications must be in the original container (no "med boxes"), clearly labeled with the cadets name, medication and dosage, and be in date (I.e. Not expired). Over the counter medications must be in original containers.

The cadet must be capable of taking the medication on their own. Staff cannot handle cadet medication, nor can they be responsible for reminding cadets to take medications. This includes over the counter medications.

Please bring your medications in a zip lock bag, and be able to access the bag easily, so that it can be inspected by our medical staff when you arrive. If you are using over the counter medications you must bring them with you we will not have any available.

**Parents-** if your cadet is on medications, please stay until the medical staff has been able to inspect your child's medications to avoid having to come back to the encampment to make corrections. If there are problems with medications the cadet will be unable to keep them in which case you will have to retrieve them.

Thank-you for helping us with this very important issue,

Lt Col Stephen M. Valastro  
2016 CTWG Encampment Commander
